Joseph Soares, Lately Named Control Officer To Lose Job

T. L. FISK PASSES HIGH

Local Resident Stands Well In Both Tests He Has Taken

PASSED HIGH

T. L. Fisk who recently took the state examination for liquor control officer stood high in the list and the first of the week went to Sacramento where he was given the oral test in which he again ranked among the first taking the examination. It is more than likely Mr. Fisk will be named control officer before very long.

Joseph Soares, of Alameda county, who ranked ninety-ninth in the written test for liquor control officer and was placed second in the list after the oral test, is now in charge temporarily of the Santa Rosa district. Richard E. Collins, chairman of the board, said he placed Mr. Soares in charge of the Santa Rosa district office after W. R. Schofield, who had charge of the office, was transferred to the board's valuation division.

Question Is Raised.

Chairman E. H. Christian, of the state personnal board, and Arthur Brown, another member, conducted the oral tests for liquor control officers. Mr. Christian also is from Alameda county. Since the personnel board members acted as oral examiners, Fred E. Wood, another member, obtained from the attorney general a ruling personnal board members could not legally conduct examinations.

May Lose Out.

Mr. Collins said if the personnel board, at its next meeting following the attorney general's ruling, abolishes the list it established under oral examinations, Mr. Soares will be replaced at Santa Rosa, if he does not maintain his standing on the civil service list after new oral examinations are given.

HAD BIG TIME

With Allan Sacry introducing Master of Ceremonies H. M. Burke, who in turn introduced District Attorney L. I. Gibson and R. J. Pearl, head of the WPA, each of whom made addresses, Willits dedicated its city park Saturday evening. Mrs. Mayme Knight, who took a big part in getting the park movement started also took a prominent role in the dedication of the park clubhouse and grounds. Many from Ukiah were on hand.

VISIT SANTA ROSA

Mrs. J. J. Kirwin and her mother, Mrs. George Williams, were visitors in Santa Rosa one day last week.

Oil Spilled On The Highway Is The Cause Of Disastrous Wreck

A leaking crankcase which spilled a large amount of oil on the Redwood Highway at the top of the Summit about six miles south of Willits caused a car driven by Josephine Heiman and occupied with her by Bertha Isserlis and Anna Horwitz, all of San Francisco, to be badly wrecked when it crashed into a bank. The three women are in Howard Memorial Hospital, suffering injuries, ranging from a fractured skull to broken legs.

Rare Mind Presence Is Developed In A Near-Tragedy

Indicative of what Scout work does for boys a case, which happened in Lake county recently and which was told about in The Clear Lake Observer, is most interesting and should serve as an urge to swell enrollment in the wonderful boy organization. Here is the story:

Plunging into Clear Lake in response to a cry for help, Boy Scout Thomas Llewelyn, 14 years old, of Oakland, swam to the rescue of a fellow Scout, Clarence Moore, and with difficulty and personal danger rendered the immediate emergency assistance that averted a Sunday afternoon tragedy off Austin beach. Exhausted by his efforts Thomas Llewelyn was himself assisted by Scout Harold DePue and Arthur Moore (no relative of the imperiled youth) of Clearlake Highlands.

Had Plenty Poundarge.

Scout Moore, who weighs nearly 225 pounds, had been stricken with a cramp; Scout Llewelyn, who went to his rescue, weighs only 98 pounds. The three Scouts concerned in the water mishap are members of an Oakland troop which went to Clear Lake for a weekend encampment on the lakeshore at Austin's resort. Scout Moore had been on the lake boating several hours when he dived into 16 feet of water for a swim. A few minutes later he was attacked by a cramp and rendered helpless, with only the ability to call for aid.

Lost Mind Presence.

When Scout Llewelyn, who heard his cry, reached him, the stricken boy was in such straits he struggled with his rescuer. The miniature fellow Scout, using all the skill acquired through

LUMBER PLANT CLOSE TO ELK IS DESTROYED

Mill Employing Crew Of 80 Men Burned —No Insurance

CAUSE IS NOT KNOWN

Place Had Operated 3 Years And Orders Were Plentiful

Fire again, says The Fort Bragg Advocate, proved to be a grim destroyer when it swooped down with alarming suddenness on the mill property of Jack Ross, back of Grenwood. The mill was completely burned and only the cut lumber was saved. According to Mr. Ross, there was no insurance carried and the loss is estimated at $20,000.

Was Jointly Owned.

Mr. Ross started the mill a few years ago, having as his partners George and Warren Daniels. The three young men put in many hours of hard labor erecting the mill and getting it ready to saw. Circular saws were used and, with the aid of trimmers and planers, finished lumber was turned out.

Many Had Jobs.

Fred Duffy, former superintendent of streets of Fort Bragg, was sawyer. Eighty-six men were on the payroll. The mill has been prospering of late and a profitable season was looked forward to. Mr. Ross' friends on the coast are sincere in extending him their sympathy.

The Veterans Administration Facility Office, San Francisco, has asked The Republican Press give fullest publicity to the following important notice:

"The Treasury Department has advised it will restrict delivery of checks and bonds issued in settlement of Adjusted Service Certificates, to the addressee, only. The effect of this determination is that the veteran must receive in person the letter enclosing the bonds and the check. To avoid delay, and address must be such that the Postoffice Department can be able to effect personal delivery of mail bearing the settlement, so all veterans must be specific as to street number, R. Vichy Waters Discovered in Northern California

NEW OBJECTIVE FOR TOURISTS

Opening of Golden Gate Bridge next year will send more tourists into Redwood Highway country, according to expectations, and many will take in spots of unusual interest. Among them is Vichy Springs, just off Redwood Highway, located three miles east of Ukiah, and 115 miles from San Francisco. Also near Ukiah is Orr Springs. Vichy Springs has the only vichy water in the world outside of Vichy Springs, France, and Nauheim, Germany. Spot "discovered" by A. J. Donnelly, Northern California general manager for General Petroleum Corporation, on a tour in Packard car, powered by Mobilgas.

With the opening of the Golden Gate bridge, motorists by the thousands are expected to explore the famous Redwood country and, among other towns that will vie in the matter of attractions, is Ukiah, offering two unusual springs of medicinal value.

Only Ones In America.

Most unusual of these, it is said, is Vichy Springs, just off the Redwood Highway, and situated three miles east of Ukiah. Here is said to be found the only vichy water in the world outside of Vichy, France, and Nauheim, Germany, and the "champagne baths" in this water are described by the initiated as extremely out of the ordinary. Other medicinal springs are found also at this resort, just a "jaunt" of 115 miles from San Francsco.

Many To Go There.

According to A. J. Donnelly, northern California general manager of General Petroleum Corporation, who recently visited Ukiah, these springs will no doubt attract much attention when the bridge begins to draw more people into this north country.

Orr's Springs, Too.

Beside Vichy Springs, Ukiah also is the entrance point for Orr's Hot Springs, another famous and popular resort, which will lure motorists across the new Golden Gate bridge.

GALAXY OF STARS IN TOM MIX CIRCUS PLAYING UKIAH MAY 1

Unusual Treat Afforded Ukiahans Friday Afternoon, Night

One will marvel at the pretentious arenic features offered this year by Tom Mix with the new edition of his vast white top organization. Ranking among the major circus entertainments of America, the Tom Mix Circus presents a gorgeous and scintillating bevy of lovely ladies, troupes, and entire companies of dare-devil performers and a colorful display of new and startling equine and animal acts.

You'll See Them.

Among the noted features to be seen in Ukiah with the circus are the Jordon troupe, the Bell troupe, Juanita, the Tom Mix pachyderms, the Arley troupe, a flying ballet of beautiful girls and many others, including Bill Ash and his company of clever clowns. Tom Mix and Tony will positively appear in all performances. Afternoon and night exhibitions will be presented at the New Rodeo Grounds when the big show comes to Ukiah next Friday, May first.

One Of Hundreds Of Acts.

Are Getting The Sawmill Started

H. B. Hickey, Jr., and Taylor M. Peterson, who are operating the Redwood Company sawmill at Yorkville, were here Saturday. Mr. Hickey is a son of H. B. Hickey, one of the pioneer timber operators and sawmill proprietors of the Pacific Coast. The elder Mr. Hickey today, probably, owns as much timber, individually, as any man in the country and the fact H. B. Hickey, Jr., is to operate here will, in the end, likely result in much Hickey timber being cut.

Frank Mitchell Is Awarded The Work

Contractor Frank Mitchell was low bidder on the plans for alterations and improvements at the Ukiah grammar school. His bid was a trifle over $8000. Mr. Mitchell plans starting work within a short time and believes the job can be completed in about three months.

Little Baby Was Burned By Acid

The two-year-old son of Mr. and Mrs. Amos Branscomb, of Willits, was seriously burned with muriatic acid while playing with some other small children at the home of Max Marquardt. The little ones got into Mr. Marquardt's tool chest where they found the bottle of acid which they spilled and the little boy then rubbed some on his face. He has first degree burns which are quite painful, but it is thought no scar will be left.

SURGEON WILL USE A KNIFE ON DAUGHTER!

Unusual Situation Is Developed In Lake County Town

HE MADE DIAGNOSIS

Father Disregards An Old Disinclination Of Profession

There is always a natural repugnance entertained by surgeons when it comes to operating on members of their own families. However, such a feeling does not appear to be possessed by Dr. L. J. Calahan, of Lower Lake, who, according to The Clear Lake Observer, will perform an appendectomy upon Mrs. Barbara Kramer, of San Rafael. The operation will take place in the French hospital at San Francisco and Dr. Calahan will be assisted by Dr. A. J. Remmel of the bay city.

Found The Trouble.

Suffering a disturbance of the appendix, Mrs. Kramer went to consult her father, and visit her mother at Clearlake Park last week. The physician diagnosed the cause of the trouble and at once began preparatory conditioning for the surgical ordeal.

It Is Unusual.

Yesterday the doctor-father and the daughter-patient motored to the city, arrangements having been made for the operation to be performed. The incident is unusual, in that physicians are prone to avoid surgical care of their immediate families.

TWO VICTIMS OF CAR WRECK

Mrs. E. Porter Gravely, Mrs. L. Hofman Slightly Injured

The condition of Mrs. Edward Porter, gravely injured when a machine driven by Mrs. Lou Hofman got out of control Tuesday night on Redwood Highway, south of Ukiah, had not been fully determined yesterday.

Hurled Through Windshield.

Mrs. Porter suffered a very serious cranium wound, resulting in a scalping from the front of the head to the base of the skull. Mrs. Porter, X-rays show, is suffering a broken collarbone, the break being in front. The injured lady, too, sustained many lacerations and bruises about the body. In the accident Mrs. Porter was hurled through the windshield. She was taken to Ukiah General Hospital where she now is.

Had Been In City.

The accident happened about five o'clock in the evening when the party was returning from San Francisco. In the car were Mrs. Lou Hofman, at the wheel, Mrs. Ed. Porter, Charles Hofman, son of Mrs. Hofman, and Eugene Walker, a young man about 19 years of age, of this city. The latter were uninjured.

How It Happened.

An eye-witness to the wreck was Walter Lewis, who lives on the J. C. Johnson ranch, and he says he observed the machine come down the level stretch and suddenly leave the roadbed and run in a diagonal manner, tip as if about to overturn, and then start into the lane at the gateway of the ranch; there it upset and landed with the wheels in the air.

Not Hurt Seriously.

Mrs. Hofman suffered shock and many minor bruises and has been confined at home since the accident.

Brought To The City.

Passersby assisted the injured parties to the city where they received medical care. The Hofman auto, a Pontiac, was badly wrecked. No one has so far been able to explain how the accident was brought about.

Lucerne Hotel Is Sold And Will Be Made A Military Academy

Two shifts of workmen will start at once to remodel the building. The big ball room and pier also go in the sale. There are 100 rooms in the hotel. The grounds will be landscaped and a palm avenue started from the lake to the front entrance of the hotel.

WILLITS MAN'S LOVE AFFAIR IS SHATTERED

Bride Of Few Weeks Departs Leaving A Long Complaint

'OTHER MAN' LOOMING

Mendocinoite Claims He Is Out About $2500 Cash

From Modesto there comes a story search for Mrs. Mary Lampley, 33, "mail order bride" accused by her husband, A. E. Lampley, 50 Willits rancher, of obtaining more than $2500 from him through false representations, centered there.

Was Walking Out.

Hardly a week ago, District Attorney Leslie Cleary, received reports the woman who married Mr. Lampley at Reno, Nevada, after a whirlwind romance, was seen hitch-hiking up the valley.

Story Of The Groom.

According to Mr. Lampley, after a brief honeymoon at Modesto, his wife left him, but not before she had conspired with another man to obtain the money in $600 "installments." He has formally charged her with grand theft and conspiracy. Mr. Lampley says the "other man" named J. H. Cole is under arrest in Los Angeles in connection with the case.

She Is Broke.

Mr. Lampley met his wife through a mail order matrimonial agency last year. He says, however, she was with him less than two weeks during their marriage life. The latest reports indicated the woman was without funds.

FUNDS ASKED WERE RAISED

H. M. Burke And His Co-Workers Gather Red Cross Relief

Harry M. Burke, who is chairman of the Mendocino Red Cross Chapter and also chairman of Red Cross Disaster Chapter, reports more than $500 has been raised in the latest drive for funds for the distressed.

Exceed The Quota.

Mr. Burke, who is at the head of all the communities, except those of the coast, states the sum set for relief to be raised in his district was $400 and more than $100 in excess of that amount has already been gotten and the possibility is more will be coming in within the next week.

All Were Faithful.

Chairman Burke went at the matter in a most intelligent and industrious manner and had unselfish aid from a great many co-workers, hence the satisfactory manner in which the fund raising was handled.

Modern Methods Are Resorted To

A Ukiah woman, according to The Willits News, made arrangements for entering Howard Memorial Hospital over the radio. It so happened the home of this lady was quarantined. However, she is an amateur radio operator. She found out John Harpe, of Willits, is also an amateur radio operator and she called Mr. Harpe by radio and delivered a message for Dr. Babcock. After several conversations she completed arrangements to enter the hospital for treatment.

RECEIVERSHIP THREAT MADE AFTER DELAYS

Judge H. L. Preston's Patience Ends After 2 Hearings

INSISTS ON A RULING

Conciliation Commissioner Must Decide —Or Else—

Representing The Bank of America, J. L. Cox, Mrs. J. Q. White and the Joint Stock Land Bank against Frank and E. L. Cunningham and Cunningham Brothers, Judge H. L. Preston, on two occasions last week, appeared before the local conciliation commissioner and insisted on a decision being made on a proper method of handling the involved properties located in Mendocino, Lake and Sutter counties, the joint indebtedness of which runs to several hundred thousand dollars.

Would Run Them.

The Cunninghams sought to have an agreement made whereby they might be financed and allowed to go ahead and run the ranches. To this Judge Preston, on behalf of his clients, refused to agree, but did consent to have the ranches operated by the parties to whom the Cunninghams owe the money, but manifested an unwillingness to allowing the Cunninghams having any say in the management of the properties.

May Ask Receivership.

Following the second hearing and there still being no ruling forthcoming from the conciliation commissioner, Judge Preston intimated the next move he would make would be in the nature of an application in Federal court for a receiver who, in turn, would be delegated with the power to operate the ranches in the interests of the banks and others to whom the Cunninghams owe money secured by the ranches.

PUBLIC LOST BY PETTINESS

Two On Board Make Faithful Librarian Resign Her Post

Mrs. Ester Michaelson, for more than eight years librarian at the Public Library here, submitted her resignation last week and later the resignation was accepted.

Mrs. Brown Succeeds.

It is understood Mrs. Ida H. Brown, who has been assistant librarian will, likely, succeed Mrs. Michaelson as librarian. Mrs. J. R. Thomas, wife of Mayor J. R. Thomas, will continue as librarian for juveniles.

She Served Faithfully.

Mrs. Michaelson has proven one of the most efficient and obliging officials in the city. She thoroughly understands her work, reads widely and knows what books the public demands and due, almost entirely to her eficiency, the local library has advanced to the place the Ukiah Library is pointed to as a model, successful small town library.

Continually Harrassed.

The public will lose the services of a faithful librarian, it is understood, largely through a determined campaign on the part of two board members to make it so unpleasant for Mrs. Michaelson she became convinced it was not worth while on her part to continue to attempt to override the duo's opposition.

RIGHT, IN THE END

THERE WERE TWO ARTICLES appearing in the press of the state last week which brought to this page a certain sense of satisfaction. In each instance the editor of this newspaper, as a public official, had taken a determined stand and, in both cases, at the time, he had been much criticized. On the first occasion he had advocated the abolishment of the dungeon at San Quentin, as a member of the State Board of Prison Directors. Certain newspapers had characterized his position as sob-sisterly. Now, according to The Examiner, one of the first moves Warden Court Smith made when he arrived at San Quentin was to issue an order closing the hole. The Examiner says: "The San Quentin prison dungeon, horror of all prisoners for 30 years, was officially abandoned yesterday by Warden Court Smith. The 'hole,' as convicts call the subterranean cell block where incorrigibles were sent for punishment, will not be used in the future, Warden Smith promised. Nine men who had been confined in 'the hole' were transferred to 'Siberia,' the modern, break-proof solitary confinement cell block atop the new cell building. In 'Siberia,' although the men are kept in solitary confinement and on a diet of bread and water, there is ample light and ventilation, in distinction to the dungeon, a relic of pioneer days. The transfer brings the 'Siberia' population to 23, seven of whom are condemned men. The condemned convicts were moved from 'condemned row' to avoid overcrowding there."

Hardly had he gotten out from under the unkind strictures placed on his stand by some newspapers for trying to blot out the barbaric prison practice than he came in for an additional uncalled for attack upon the part of Director of Public Works Earl Lee Kelly when, as a director of the Golden Gate Bridge District, he opposed the "suicide three-lane Waldo approach." Mr. Kelly at a large public meeting in Sacramento, read a letter, which was afterwards proven to be unauthorized, in which the editor of this newspaper was charged with not representing the Bridge Board position when he fought for a four-lane Waldo approach. The State Highway Commission insisted the cost of four lanes for the Waldo approach would reach almost two and a half million dollars. This the writer insisted could not be, and now, read what The San Rafael Independent has to say on that subject: "It is truly remarkable how estimated costs of projects diminish, once the political exigency is passed. When the State Highway Commission was attempting to force a three-lane 'suicide' highway approach to the Golden Gate bridge upon Marin county the word was passed out the cost of a four-lane road, running well over two and a half million dollars was prohibitive, that the state didn't even have the million and three-quarters for a three-lane approach and tunnel, that the bridge district would have to give $770,000 to supplement the state's cool million. Well, the bridge district didn't give that money, for the very good reason that it didn't have it and besides it was under no obligation to the state to do so. Then pressure became so strong that the highway builders were forced to yield and scrap the 'suicide' highway for a safe and sane four-lane route. And now, that bids have been opened we find the Waldo road and tunnel combined will cost only a little over $1,300,000. The first cost has been cut almost one-half and the extra $300,000 can be found by the highway commission with little trouble. Looks somewhat like if the three-lane road were built, the state would have had a few thousands left to put into its "pet" project, the competing Bay bridge."

The editor of The Republican Press had nothing to say when, as a State Prison Director, his intentions were misunderstood and he was unfairly treated for trying to abolish the San Quentin dungeon. He pursued the same policy when he was under fire, by selfish interests when, as a member of the Board of Directors of The Golden Gate Bridge District, he insisted the people of California be given a four and not a three-lane Waldo approach.

The fact both of his contentions have now been proven just, satisfactorily closes the incidents.

Time, at last, makes all things even.

Sidelights of Sadness

Being incidents connected with California's State Prisons as observed by A. R. O'Brien, editor of The Republican Press, who is a director of the State Board of Prisons of California.

WHEN A BABY LISPED

He had done a turn.

It was not so long ago he was paroled. Now he was back in the "hot seat" and the prison board was listening to his story. He would soon be re-sentenced. The in-bad parolee's mother had advanced an impossible excuse for her son's laxness a few days earlier.

We had just asked the boy to tell his own tale.

He was tremendously agitated.

At intervals I saw a red ring appear about his forehead. His shirt was open at the throat and I observed his breast rise and fall, uncontrolled—His emotion was doing it.

He did not want to defend himself. We gave him lots of time. I think everyone in the room pitied him. We helped him over the toughest spots.

What a drama his words could have been woven into!

He left prison, paroled. He became re-united with his wife who, while he was locked up had started divorce proceedings against him, did not complete them and, when he got out, dropped them, as he understood. He was making $6 a day. The money he earned he gave to his wife to bank. They had a little daughter. The couple had some sort of a joint insurance policy. A clause in the policy had to be corrected. An agent of the Company called for the policy and the wife happened to be absent. The father went to a drawer of a sewing machine where the policy was kept. He found it and, in a bundle of papers with the policy, discovered some letters. They were from a man with whom his wife had been living while he was in the penitentiary and all too brutally told the story of the deception his wife had practiced while he was at San Quentin. With the letters was a photograph and, innocently the baby daughter reached over and with her chubby finger pointed to the face in the picture—"That's my other daddy," the little baby said.

The impetuous, silent query that springs up inside men greatly wronged when attempting to rehabilitate themselves—"What's the use trying to make good?" swept over the gazer at the photograph. He waited until his wife came home. A stormy scene followed. The parolee went out and got drunk; he continued his debauch until he got into a "jam," was arrested as a parole violator and—Here he was.

This man was endeavoring to make good. In an effort to provide for his wife and baby's future he had taken out insurance. To make certain the policy was perfect he had gone for it to show it to the Agent. In doing this he ran across the photograph of the man who had destroyed his home and the lisping voice of his baby daughter had pictured to him his life tragedy.

The "way back" to reform of a felon sometimes is made difficult beyond explanation.

Don't tell me Fate does not weave man's destiny, inexorably.

Son Of Publisher Of Coast Is Dead

Has Historical Tinge.

With a visit from William Gravier, of Ross, to His Honor the Mayor of Covelo, comes rather interesting history, albeit somewhat ancient. William Gravier, his wife and young son related the following: Charles Gravier, Comte de Vergennes, came from the country south of Bordeaux to this country to serve with Lafayette, the first of the family to come to America. Gravier street in New Orleans is named for him. During the French Revolution E. A. Gravier's branch of the family went to Alsace-Lorraine to live while William's ancestor went to British West Indies, where William's father was consul many years. It's a small world after all and blood will tell even after a hundred years, as the two Gravier wives decided.

During the Folsom prison riot in 1927 when 15 guards and prisoners were killed, Walter Neil was in the thick of the fight and was so seriously shot and wounded he has since been a crippie.

WAR DECLARED ON UNSAFE TIRES!

Thousands are killed or injured every year when blow-outs throw cars out of control

WHY YOU SHOULD ENLIST NOW IN THIS GREAT WAR

36,100 people were killed in traffic accidents in 1935. 895,280 were injured. Many of these tragedies occurred because motorists "took a chance" on worn or unsafe tires.

What if *you* had a blow-out speeding along with your family in the car? Would you be among the "lucky ones" who came out alive? Don't take that awful chance.

FREE INSPECTION

Here's what we do for your protection:

1. Inspect your tires for signs of failure.
2. Remove puncturing objects that might cause serious trouble.
3. Check air pressure of all tires including spare.
4. Check for dangerous weak spots that might mean a blow-out when you least expect it.

And if you need extra protection for carefree safety, extra blow-out driving this spring and summer, we want to show you the new Goodrich Safety Silvertown — the only tire in the world that gives you Golden Ply Blow-out Protection.

Get This Emblem TODAY!

Join this war on unsafe tires. Just drive in. We'll give you our expert FREE TIRE INSPECTION. And what's more, we will be glad to get for you the famous Silvertown Safety League emblem with the red Safety Reflector. It's absolutely free.

J. J. YORK WAS BURIED FRIDAY

Respected Pioneer Is Resting In Local Cemetery

The thinning ranks of old-time valley men and women pioneers suffered another removal by death the past week when, following an illness which did not appear of a serious nature, James Jonathan York, 78 years of age, died at Ukiah General Hospital where a few days previously he had been taken for treatment.

Born In Sonoma.

A native of Stony Point, Sonoma county, the dead man was born August 7, 1858. His parents, the late Mark and Lucinda York, came to Mendocino county when he was a boy in his early teens. Locating in the Ukiah valley the parents of Mr. York purchased what is now known as the Sanford ranch, in the eastern section of the Ukiah valley. Later they acquired the York ranch north of here which has been in the family ever since. In the intervening years Henry York and James York, brothers, assisted operating the farm. Retiring from active ranching Mr. York a number of years ago moved to Ukiah and here he has since resided.

The Family Members.

James York and Mamie Ford were married in 1892 and Mrs. York died about 1925. Mrs. York was a sister of E. M. Ford, W. A. Ford, Mrs. Julia Ford and the late Mrs. Belle Ford Banker. For a number of years Hilda Banker, now the wife of James Mannon, made her home with Mr. York, he being her uncle, and Mrs. Mannon at all times devotedly ministered to Mr. York. There is now but one surviving member of the family and he is Henry L. York. All of the relatives of Mr. York, saving Leland York, who resides in the state of Washington, are located in this neighborhood. They are Mark and Loren York, Ukiah; Lee Henshaw, Petaluma; Wilma Henshaw Eckhart, Santa Rosa; Misses Juanita and Elyse York, Carroll and Cecil York, San Francisco; Norma York Phillips, Burlingame; Belva York Harwood, Laytonville; Merle York Smith, Comptche.

Buried Friday.

Funeral services were held for Mr. York Friday afternoon from the Methodist church and were largely attended. The following pallbearers served: Dr. A. L. Gibson, Bish Davidson, Forrest Adams, William Lambert, J. R. Thomas and Geo. Jamison. Burial was in Ukiah cemetery. Rev. Mark Pike, of the Methodist church, officiated.

REDWOOD EMPIRE MOVES SOUTH

(By Stuart B. Dunbar)

Thousands of visitors at the California State Building, Exposition Park, Los Angeles, last week were having their appetites whetted for the marvels of the Redwood Empire after viewing the magnificent diaramas, constructed in the Hall of the Redwoods at a cost of $20,000 and graphically depicting the multiple attractions of the nine Empire counties. The display was formally dedicated and opened to the public last Saturday, ushering in "Redwood Empire Week," so proclaimed by Governor Frank F. Merriam, who took an outstanding part in the dedicatory ceremonies.

Approved Association.

In his formal address Governor Merriam paid high tribute to the Redwood Empire Association as an organization that "does big things in a big way and unfailingly produces results." The Governor expressed his pleasure in working in close co-operation with the Redwood Empire Association in the past and pledged himself and the state government to continue to do so in the future. "As a state, California has prduced two distinct types of civliization," he said. "In the southern part there are relatively few native born Californians, while northern Cailfornia is the home of men and women who have lived there all their lives—often in the same house as did their parents before them. These two types of Californians must be brought together, and the ideal method of accomplishing the union is through travel." He declared that in its unceasing efforts to promote travel the Redwood Empire Association is rendering signal service to the state as a whole.

Local Man There.

President George P. Anderson, of the Association, headed a large northern California group at the inauguration of "Redwood Empire Week."

Joe Sears, former owner of The Gem ranch, and Ed. Michaelson, for years employed on Ukiah newspapers and now residing in Santa Rosa, were here Sunday afternoon, motoring from Santa Rosa.

Personal Mention

Postmaster A. A. Wilson, of Willits, was here Monday a few hours.

Mr. and Mrs. Albert H. Towne and daughter Alyce motored to the coast and enjoyed Sunday at the home of Mr. and Mrs. Henry Towne at Mendocino.

La Verne M. Scott enjoyed a weekend visit at the home of his parents Mr. and Mrs. A. D. Scott, returning to Petaluma Sunday.

Mrs. A. P. Ornbaun, of Elk, was in Ukiah last week visiting relatives and returned home Sunday.

Mr. and Mrs. Harry Richmond, of Boonville, were here Sunday calling on friends and on the return trip motored through Lake county. Mr. Richmond operates a store and service station in the Anderson Valley town.

Mrs. H. E. Rogers, wife of the Mayor of Willits, and Mrs. Fred Hamilton, wife of the traffic officer stationed at Willits, were here shopping Monday afternoon.

John Rose, prominent Farley district rancher, is here as a witness in superior court.

Mrs. August Mella, wife of one of the railroad employes at Willits, was a Ukiah shopper the last of the week.

STUDENTS HAD A MUSIC TREAT

Chorus From Santa Rosa Here—Sang At School

Students at Ukiah high school were entertained Tuesday morning by an hour's program of choir music presented by the Santa Rosa junior college A Capella Choir. The group, composed of 40 trained mixed voices, participated in the northern California junior college music festival in San Jose last week.

Willits Girls In It.

Included in the program will be the selection, "Dusk At Sea," written and composed by Neil M. Daniels, head of the music department, and director of the choir. The selection will be sung on a nation-wide radio program May 18 and 19 from Princeton, N. J., in connection with the Contemporary American Music Festival. June Case and Enola MacKenzie, of Willits, are members of the choir and have taken an active part in music affairs on the campus.

MAY RUN

Friends of Edgar W. Dutton are trying to induce him to announce himself as a candidate for supervisor in this district and, it is believed, Mr. Dutton may decide to enter the race.

WORKING ON COAST

Robert L. Becker, who has been engaged on a large contract of electrical work in Anderson Valley and at Navarro, was home the first of the week, looking after business interests in Ukiah.

98-LB. BOY SCOUT

(Continued from Page One)

the Boy Scout life saving methods, found the other, nearly two and a half times his own weight, difficult to handle. Resisting the struggles of desperate Scout Moore, he managed to keep the latter's head above water, protected himself and called for aid. Almost simultaneously Scout De Pue and Arthur Moore leaped into the lake. Scout DePue is a junior life saver and Mr. Moore is a skilled local swimmer. They separated the endangered youths and Scout DePue gave attention to exhausted Scout Llewelyn while Arthur Moore started to tow Scout Moore to shore.

Meantime much excitement had arisen on shore and on nearby piers and a Sunday throng had gathered. Oakland Scouts had rushed for a boat and put out to the scene. They reached the two Moores, victim and rescuer; dragged the half strangled and abundantly stout Scout Moore into the craft and then picked up Scouts Llewelyn and DePue. First aid was promptly administered to Scout Moore on the beach. Scout Llewelyn recovered his strength after a short rest and soon the troop packed their dunnage and started back to Oakland.

Jack Foster Lies Close To The End

(The Willits News)

The latest reports from Ross General Hospital, Marin county, where Jack Foster was taken for treatment, state small hopes are held out for his recovery. Last week he had a slight stroke of paralysis and his heart condition is so bad little can be done for him. Jack Foster is the youngest son of W. A. S. Foster and for several years has been employed at Lane's Redwood Flat.

NIGHT TENNIS

Flood lights are turned on and tennis players may use the high school courts, according to Director of Municipal Athletic League Fred L. Creen, until 10 o'clock at night, except Sunday.
